

A personal finance community for values-driven women.

Get a Financial A-Team who's Aligned with Your Values!

Sales doesn't have to feel icky!

[At The Pledgettes, we talk a lot about building our financial A-Team](#) and we are *loving* our most recent conversation with Jaime Rowe of *Impact to Income*.

Jaime is the creator of the *Close with Confidence* method and a self-proclaimed "Recovering Awkward Salesperson." We love listening to Jaime talk about sales [in her podcast](#), on [her Instagram channel](#), and in her [webinar-on-demand](#) for Pledgettes members. She is constantly encouraging her followers to embrace what makes you *YOU* and build your sales conversations on that.

No need for gimmicks, sales pressure tactics or anything that makes you uncomfortable! Sales is an extension of you and your sales conversations should reflect your values, personally and professionally.

We love a values-aligned lady, so we sat down with Jaime to learn more about what she does and how she does it! Check out her interview on our [blog](#) to learn more about her work and whether a sales coach could be right on *your* Financial A-Team.

Need some accountability?

The Pledgettes are launching our [third session of PAL](#) (7/1 - 9/30) and there are a few open spots!

In the program, PAL Coach [Melissa Mittelstaedt](#) helps you identify your goals in a 1:1 session (a \$135 value!) to ensure you get the clarity you need to hone in on your goals.

You will meet with the PAL group twice monthly and be assigned an accountability partner to work with the duration of the program to track weekly toward what you want to achieve.

If you've got big plans, big goals and want to start charging toward achievement - PAL is for you! Fill out

an interest form to learn more and get started July 1!

Demystifying Crypto Investing

One of the top reasons people avoid crypto investing is they don't understand it. This event will demystify the history of Bitcoin, the potential of cryptocurrency, the underlying technology and the blockchain. It will give attendees a foundation for making a more informed decision about investing in crypto.
