

A personal finance community for values-driven women.

## Women's Equality Day this Month!

International Women's Day is Friday, August 26th. Chosen as the anniversary of the 19th Amendment (Women's Right to Vote) but it is also The Pledgettes' anniversary! We are so excited to be celebrating our THIRD anniversary.

Last year, on August 26, I wrote this [blog](#) reflecting on the progress for women and hoping for the future. I asked, "What is the legislation that will be passed for more progress?" Little did I know what would be happening not even a year later.

The best thing about celebrating our third anniversary is that we can watch how one of the three key ingredients of wealth building does its thing. The ingredients are intention, action, and time. And time may be the most powerful. Recently, one of our members who joined us in the beginning shared, "This group has quite literally changed my life." It's been amazing to celebrate members who have bought investment properties, paid off debt, had better money talks with their partner, increased their investment contributions, and, maybe most of all, had a ripple effect on others taking an active role in their financial journey. And we plan for all that to continue, even beyond reaching gender equality (we need to use intentional language to make things happen!).

So, come [join us](#):

- [8/24 Denver at TARRA](#)
- [8/26 Virtual Happy Hour](#)
- [8/26 Denver Coworking Day at TARRA](#)

And host a healthy, wealthy money talk with your Financial Friends. Here are three #starttalkingaboutmoney conversation starters:

- 1 - What would you do if you won the lottery? (And how can you do a version of that now without winning the lottery?)
- 2 - What is a financial win you are proud of? What was the process of making that happen and who supported you along the way?
- 3 - How is your financial journey different from your parents? Where do you find support?

This year more than ever, we are committed to taking action that will improve our lives and the lives of our community. Women are powerful and wealthy women create lasting change in their communities. Let's build wealth and take action today!

Wishing you a healthy, wealthy 2022!

Jenn

## Build Your Community, Take Action & Achieve Your Goals!

Join PAL (Pledgettes Accountability League) and join values-driven women who champion, celebrate and work in community with you on your personal financial journey.

PAL is a group-coaching collaborative focused on bringing clarity to your financial goals and creating accountability to help you infuse action into your values-aligned goals.
